THIS IS **NOT** A BILL OF LADING

How Many IBCs?	Hazardous Y/N? *If Yes, please include UN#	Product Trade Name	Product Manufacturer
	[redacted]		
	Total ▲		

If YES for any, UN Placards must be provided to the carrier by the shipper

THIS IS **NOT** A BILL OF LADING

TERMS & CONDITIONS:

1. All IBCs (Totes) must have cages constructed of TUBULAR STEEL. IBCs with WIRE CAGES WILL NOT BE ACCEPTED.
2. All IBCs offered for transportation must have valves and filling caps operational, in place, and closed as per **49 CFR §173.29**.
3. When loading, all IBCs should be double-stacked, valve-to-valve along the centerline of the trailer to optimize use of space.
4. All original shipping labels must be in place. Triple Rinsed Empty packagings must be labeled as such as per **49 CFR §173.29.**
5. All IBCs must be EMPTY - IBCs should be properly emptied such that if the valve is opened, no product comes out.
   ♦ IBCs offered for pickup must contain LESS THAN 1 GALLON of product residue as per 40 CFR §261.7.
6. All IBCs must have NO HEAVY DAMAGE to the inner bottle, metal cage, or pallet, with NO SEVERE OXIDATION OR RESIDUE on the inside or outside of the IBC. Metal cages and pallets must be re-usable.
7. As the shipper, you must provide UN Placards to carrier when shipping IBCs which contained D.O.T. HazMat as per **49 CFR §172.506.**
8. IBCs containing hazardous product residue in excess of EPA regulations will be returned immediately to the shipper at their expense.
9. **Any excess cost incurred in the form of accessorial charges from the carrier shall be the responsibility of the SHIPPER/Origin location. This includes but is not limited to detention, truck ordered/not used, spill clean-up, driver assist and special equipment requests.**

Please reference the Schütz Ticket Service Program Overview for the complete Terms and Conditions including all fees associated with non-compliance such as disposal charges for unusable/damaged IBCs and/or excessive residue.

SCHÜTZ has 5 business days (starting the day after we enter this order) to complete the pickup. Please note that special handling and/or equipment requests may be accompanied by a delay in pickup beyond the normal 5 day period described in the program.

For Assistance, please call 1-888-SCHUETZ (724-8389)
